Memorandum

NOV 6 1975

TO : Mr. Clarence M. Kelley
Director

FROM : Rex E. Lee
Assistant Attorney General
Civil Division

SUBJECT: John Doe, et al. v. John McCone,
et al. (USDC N.D. Calif.) Civil
Action No. C-75-1211-CBR

DATE:

REL:DJA []:dav

Attached is a copy of Plaintiff's First Interrogatories and Plaintiff's First Request for Production of Documents served on July 12, 1975 in this action. Plaintiff subsequently served on July 30, 1975 an identical set of Interrogatories and Request upon CIA Director Colby.

As it now appears that this action will again become active in December, and because your agency is at present preparing draft responses to somewhat similar Interrogatories in Driver, et al. v. Helms, et al., USDC D. R.I., Civil Action No. 750224, I believe it is in the defendants' best interests for you to now review the Interrogatories and Request and draft responses for possible use in this action by the defendant United States. As any such responses on behalf of the United States would, of course, encompass any and all involved agencies of the Federal Government, our coordination of the draft responses by your agency and other involved agencies will consume considerable time. We are hopeful that the United States may be dismissed from this action prior to being required to respond to plaintiff's extensive discovery, but the draft responses will in that event be of assistance in preparing for depositions of government officials which would almost assuredly follow.

EX-104
REC-1 CH 40 MCT-18 62 117005
If you have any questions, please contact me at once. I hope that you will give the drafting of proposed responses to the Interrogatories and Request priority attention.

Dest Att, advised ct has entered motion to dismiss in this case + no need to respond to interrogatories
